

SALTY COMMUNITY SURF APP

QUICK START GUIDE - V6

Surf with your friends, not your feed.

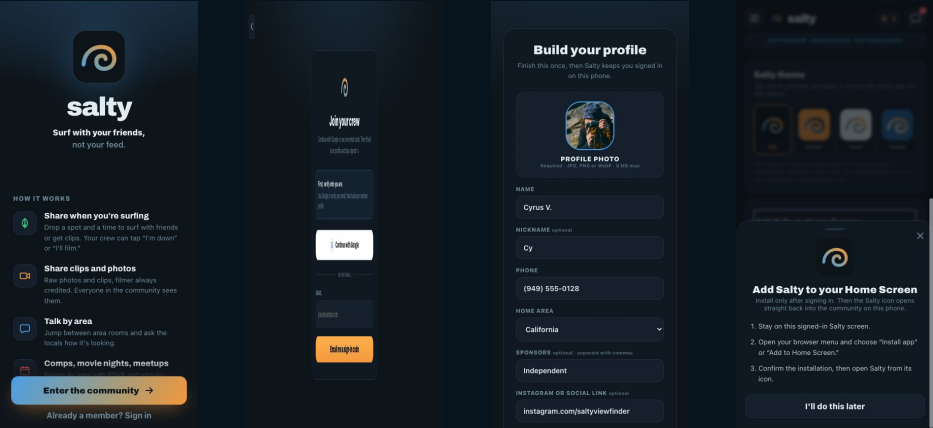

- 1

Open your private invite
Tap Enter the community.
- 2

Sign in once
Google is easiest; email also works.
- 3

Finish your profile
Add your photo, name, and home area.
- 4

Install after sign-in
Add Salty to your Home Screen.

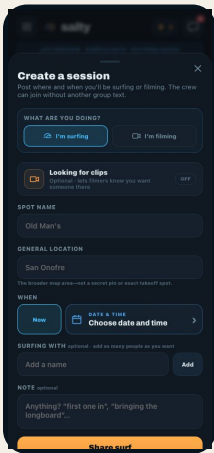

Make the plan.

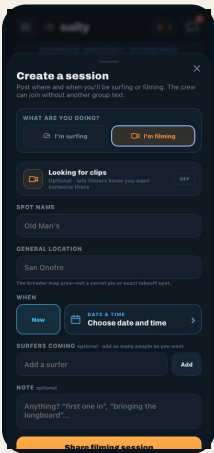

Post where and when you are surfing or filming. The crew can join without another group text.

SESSIONS HOME

SURFING

FILMING

I'M SURFING

I'M FILMING

1

Start a session

Choose surfer or filmer, then add spot and general area.

2

Now or later

Use Now for a quick surf or choose a future date and time.

3

Join the right way

Join surf is always available. I can film appears when clips are wanted.

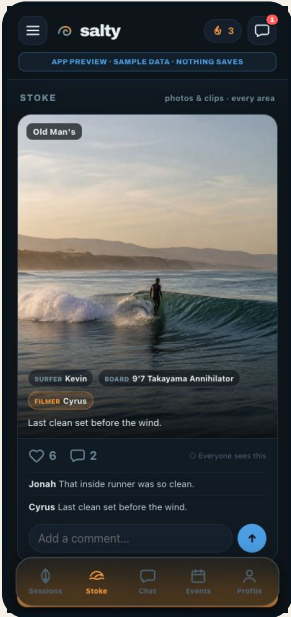

4

Start, finish, or cancel

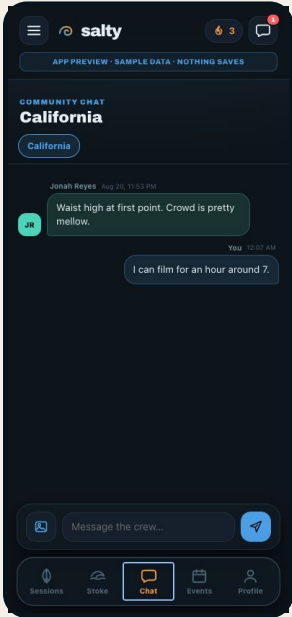

Use the pencil to edit. Start when the crew starts. Only finish after the surf happens; cancelled sessions earn zero points.

Keep the crew moving.

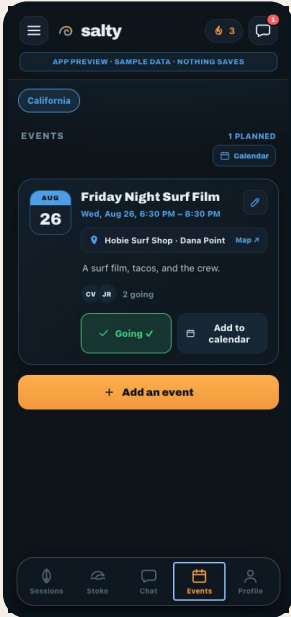

Stoke holds the media. Chat holds the conversation. Events get everyone to the same place.

STOKE

COMMUNITY CHAT

EVENTS

1

Stoke

Share photos or clips up to 90 seconds / 50 MB. Credit the filmer; add the board brand, model, and dimensions. You can edit or delete your post.

2

Community Chat + DMs

Community Chat is regional text plus photos. DMs are private and text-only.

3

Events

Comps, movie nights, and meetups include map location, RSVP, calendar, and creator editing.

4

Crew calendar

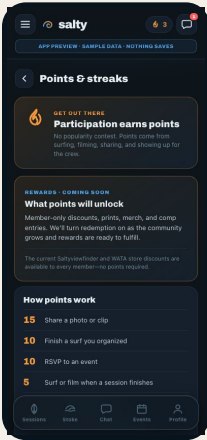

One calendar shows both upcoming Sessions and Events for the area you selected.

Simple rule: media in Stoke, plans in Sessions.

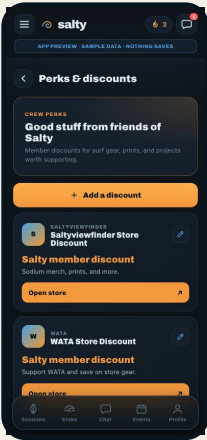

Chat when you need to coordinate. Events are for the bigger stuff.

Set it up your way.

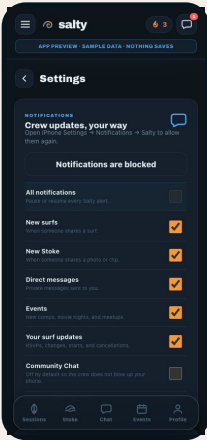

Points reward participation. Notifications, themes, Perks, members, and invitations are under Profile and the side menu.

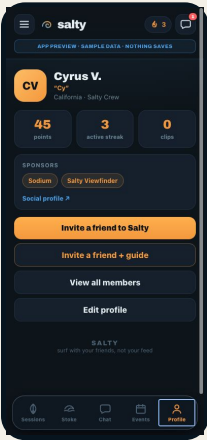

POINTS

PERKS

SETTINGS

PROFILE

POINTS + STREAKS

15 share a photo or clip
10 finish a surf you organized
10 RSVP to an event
5 surf or film when it finishes
3 useful comment
+5 first activity of the day

NOTIFICATIONS

On by default: new Sessions, Stoke, DMs, Events, and your session updates. Community Chat is off by default. Change everything in Settings.

1

Invite your actual crew

Profile has Invite a friend and Invite a friend + guide. Use the second button to send this PDF with the private invite.

2

Perks and rewards

Current Saltyviewfinder and WATA discounts are open to every member. Point redemption is coming as the community grows.

3

If anything feels weird

Take a screenshot, say what you tapped, and tell Cyrus what phone or browser you used.

That's it. Post a Session. Join one.
Drop some Stoke. Go surfing.
